

# You can have perfect confidence now with the perfect balance.

*Now MUI guarantees you absolute peace of mind when you make a Denver balance purchase!*

---

## One for one exchange for the first 12 months.

*Should your Denver balance break down and become non-repairable, MUI guarantees you a one-to-one exchange.*

---

## Up to 24 months of parts warranty and 12 months of warranty for labor after the 1st year.

*Get free part replacements and free labor should your Denver balance ever breaks down after the first year of usage.*

---

## FREE half-yearly maintenance and annual precision check for 2 years.

*With free maintenance every six months and a calibration check every 12 months, you can be sure that your Denver balance will be working at tip-top condition.*

Choose any of the following Denver Balances for this programme:

TB series TP series SI series

### Terms & Conditions

MUI will exchange with a similar model or a model that is equivalent should the original model not be available. Precision check is only to ensure that the Denver balance is calibrated to work with standard certified weights supplied by MUI and no certification will be issued. Breakdowns of Denver balance due to usage not according to specifications and recommended usage are not included.

*German technology.*

*125 years of quality through innovation.*

*ISO certified.*
